## TEXAS LETTER.

PAIRIS, TEXAS, July 29.

To The News:

The long drought was broken here last Wednesday by a copious rainfall which lasted 12 hours, and since then there has been gentle showers every day imparting new life to the people as well as the thirsty vegetation. The late corn crop is greatly benefited and the cotton crop in this section is assured.

As predicted in my last communication, the calamity howlers are howling ball worn with all their strength and might, but in the howl there is only sound and nothing more. The rain extended from Bonham to Texarkana and from Red river to Cooper. Many prayers of thanksgiving have been offered from the various congregations throughout the rain section for the great blessing God in his infinite goodness and mercy, has sent upon the people. The cotton market is steady with middling at nine cents. Many bales have been offered that the freight staple will go to fifteen cents, but there are no takers. Cotton has declined and the local market is dull at 90 cents. Mills are higher than ever before and the market is active. The following prices for spans were paid in Paris last week: One span \$500; two spans \$900 each, and several spans of medium sized mules sold for \$250 per span.

The assessment of Lamar county this year will nearly reach the six million dollar mark, the highest of any county in North Texas except Dallas county.

The third regiment of state guards held its annual encampment at Camp Mabey, near Austin last week. The Scott rifles of this place is the crack company of the regiment and was highly commended by adjutant General Tom Scully. Nearly all the members of the company served in the Third Texas Infantry Volunteers, during the service on the Cuban coast. While at Camp Wikoff, Montank Point, N. Y., in 1898, they were complimented on their soldierly conduct by Gen. Joseph Wheeler, who was in command of the camp.

The first Baptist church trouble which dates back to 1894 has at last been adjusted and once more harmony exists between the two factions known as the "fortunates" and "minority." The church building a beautiful edifice, built at a cost of \$40,000, was sold and was bought by the "minority" in 1899 for \$10,000, but the "fortunates" refused to take a note of five thousand dollars against themselves, held by the "minority," in part payment and the case was carried to the courts. In the trial which followed the "Minority" was defeated and although the court recognized them as true Baptists and the "fortunates" as adherents of the Baptist faith, it held them as a body the right to call themselves as a body the First Baptist church of Paris. The case was carried to the supreme court, and it sustained the judgment of the lower court in 1900. Some time ago the trustees of the building advertised the handsome edifice for sale and notwithstanding the fact that the "Minority" now called the "Missionary Baptist church," had purchased a lot and raised the necessary funds to build a new church, they entered into negotiations with the trustees and effected an agreement whereby, for the sum of \$10,000, they came into possession of the First Baptist church building.

Rev. Mr. Pension, of Bowling Green, Ky., was called as pastor and through his untiring efforts, a reconciliation has been brought about between the two factions.  
Dr. H. H. Faught, of this county, who has made several trips to Greer county, Okla., and spent much time there, says it is a beautiful country but when that is said, all is said. The land is very fair, he says, but nothing extra, and the water to be obtained by digging or boring is generally "Gyp" water, and not fit for use. Many of Lamar county farmers, business men and stockmen confirm Dr. Faught's statement—many of them having spent many years there. To a person who knows absolutely nothing of the Western lands except what is told him by the anxious real estate agent or business man, it is a land of milk and honey, but when he invests he soon learns that it is a land of "Gyp" water, droughts and hard times. Your correspondent has been all over the Western country to Mexico and knows whereof he speaks. A man with

limited means should not locate further west than Vernon, Tex., which is Greer county's best market, and it is not the intention of your correspondent to advise them to go that far. The public roads are crowded with people returning from that drought stricken country, and all tell the same story, how they were advised to sell their homes and invest in lands in Greer and adjoining counties, and now they are returning to their former homes to rent land to live on. This is not a yearly occurrence and should be a warning to others, to stay away from that country which is only fit for the long born cattle to breathe on. There are, however, exceptions, and some few are making money there, but they are real estate men and a stockmen. Greer county is a fine country for wheat, if rain could be had or water sufficient for irrigation could be obtained, but this is not possible in any place with miles between. No man can judge a country intelligently until he has lived in it for some time. These people who run into a new country, spend a week or two, then chase home and advise every body to go there, do a very great wrong. There are two classes of people who come West that it will pay to watch. One man comes to Texas for instance. He goes to work as soon as he gets here, sticks to it and makes money. Then he writes all his friends that Texas is the place for them. The other man instead of sticking to the job, lays off all the time he can and relies on his friends to get a better job for him, and finally throws up the sponge and hits the road for home, where he spreads all kinds of lies about his acquaintances as well as the country and advises every body to stay away from Texas. We don't need any such cattle here. They should return to the place they call "Paradise" and enjoy themselves while they are there, for it is the only "Paradise" they will ever see. The advice to all contemplating going West is: "look before you leap," or in other words find out the condition of things and know just what you can do for yourself. Don't depend on what others tell you altogether, if you do you will go broke. Some of the finest country and the richest in the world is respondent over saw, on the frontiers of Texas. Yet it only rains there once every leap year, so what would it profit a man to invest in and move to lands in that country? Some will say the lands may prove valuable some time. True enough but it will be long after the youngest generation have grown old and are in their graves and perhaps not then.

There is very little doubt but that the Populists of Texas will make an attempt to get together next year and nominate a State ticket and there will be no lack of candidates constructed of Republican and Democratic voters, but as usual there will be a great dearth of voters. From a Populist view the campaign will be a warm one—the party whittling up a car load of dry goods boxes and spitting enough battle axe tobacco juice to irrigate a forty acre field. This is Populism in all its greatness, but the small days have come, the saddest of its existence, J. M. S.

**Sunnybrook May Be Sold.**  
Lexington, Ky., July 30.—The Standard Oil Company is making an attempt to enter the Wayne county oil fields as an operator, and to obtain control of the Sunnybrook well, No. 2.  
Saturday there was a meeting held in Lexington between Mr. C. H. Wadley and Capt. J. A. Geary, principal owner of the Sunnybrook well No. 2, and land adjoining, and Mr. John Morris of Rochester, N. Y., a representative of the Standard Oil Company. Mr. Morris asked them to give him an option upon the Sunnybrook wells and some adjacent lands. It is understood that \$30,000 was the price named.  
Yesterday Mr. Joe Seap, an uncle of Mr. Rudolph Harting, of this city, representative of the Standard Oil Company, went to Wayne county to look over the field and act upon the option given Mr. Morris.

A complete agreement has been reached between the Vatican and the United States Government with regard to religious orders in the Philippines. According to this agreement the Dominicans and Augustinians will remain for the present, but the Spanish monks will be replaced from time to time by others. Moderate compensation will be given for the property handed over.

## Hamilton's Americanism.

Alexander Hamilton, whose American theories of government are now being advocated by the McKinleyites as a substitute for the teachings of Thomas Jefferson, under which the United States have advanced to first place as a world-power, would have established a Federal monarchy in place of the present Republic if his will had prevailed at the time of this Government's foundation.

Hamilton was infatuated with every thing English. He was one of the first of the heart of American Anglomaniacs, as now so overwhelmingly in evidence in the Republican party. He had no use for any but a rich man, and never for a moment subscribed to the American idea of popular government as urged by Jefferson and embodied by Lincoln. The American Constitution under the terms of which popular government was made possible, was not congenial to him. He was not in sympathy with the American creed of liberty and equal rights.

This man, who believed and declared the British Government of his day to be the best Government known to man, the Republican party is now eulogizing as having held the soundest and truest American views of government and of national policy.

It is natural, however, that McKinley should worship Alexander Hamilton. Latter-day Federalism stands for exactly what Hamilton represented—exactly to England, government of the common people by a privileged class, the centralization of power in the hands of the President, the weakening of the States, a big standing army, the monarchial in home and foreign politics. Hamilton would have been the willing tool of the trusts to-day, just as McKinley. He would have believed in "perpetuating" the trust dominance in our governmental affairs, just as does Mark Hanna. He would have been a ruthless imperialist, just as are all the modern Republicans bosses.

The American people as a whole's greatest nation to-day because they have held to Jefferson's teachings, they would believe under a monarchy to-day if Hamilton had prevailed over Jefferson. They do not care Hamiltonism. It is good for the country that McKinley is coming out into the open in testifying to its faith in Hamilton's bogus Americanism. The people will know just how toxic the party of Hamilton—St. Louis Republic.

## Kentucky Fair Dates.

The following are the dates for holding the Kentucky fairs this year so far as reported:  
Danville, August 6-4 days.  
Madisonville, August 6-4 days.  
Lawrenceburg, August 20-4 days.  
Shepherdsville, August 20-4 days.

At Washington, Ind., to the amusement of many pedestrians, William Sutherland spanked his twenty-five year-old son, Leonard, and, when the young man resisted, his father began using his fist. Leonard was intoxicated and was amusing himself by cursing his father. Finally the old gentleman lost his temper and, grabbing his son by the arm, jerked him over his bent knee and began chastising him in the good old way. A crowd soon gathered and began applauding. Then it was that Leonard tried to jab the old man in the face. One lick landed, and a second later the father sent his son sprawling into the street. Leonard's face was badly cut by the blow he received.

## It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. Its several tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it the best, sure cure in the world. It is sold by T. E. Pauli who guarantees its satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

## Don't Forget the Animals.

These are days when dogs, horses and other animals should be thought of. It is a great cruelty to over-drive a horse in this heat, which he suffers from as much as his driver. It is criminal negligence not to see that he has sufficient water. Cool places should be sought for him to stand in. Every care possible should be taken for his comfort. It is really dangerous to let a dog go without an abundance of water. It should be kept where he can have access to it all times and in as cool a place as possible. Give your horse no unnecessary work. There are women, bless their kind hearts, who keep a pair of water in their yards for birds to bathe in. The pleasure of seeing the birds avail themselves of the opportunity fully repays one for the trouble. The brute creation are in our power and if we are willing to neglect or abuse them, we betray the same cowardly trait of character which leads a big man to be willing to beat a little one, or to strike a woman. It may not be in the same degree, but the spirit is there. Some are cruel out of forgetfulness or unthinking, but it is our duty to think, to look about us and see what there is for us to do that will add to the comfort of human or beast.

## Stock Items.

John W. and Oliver Morgan, of Anderson county, sold to Linton, Indiana, 57 fine cattle, averaging 1,395 pounds, at 5 cents.

It is said that J. Sims Wilson, of Paris, has sold to Mr. Smithers, of New York, his fine trotting mare, Iva Doe, for \$11,000.

Last week Morris Pariss, of Boyle county, delivered to Simon Weil, of Bourbon county, 85 head of export cattle, weighing 1,400 pounds, at 5 cents.

## D. J. Thurman, of Larue county,

has a pair of Angora goats that run with his flock of sheep. These goats will fight a dog so fiercely that it will attack a flock of sheep but once it is protected by them, for they can whip any cur that travels on four legs, frequently killing the dog outright.

Rear Admiral Sampson had himself interviewed again and made another unsuccessful attempt to explain why he was absent when the Santiago naval battle came off. The chief purpose of the interview appeared to be to disparage the work of Schley in destroying the Spanish fleet.

Lee Porter, aged 22, of Henderson, was drowned while attempting to swim from the Kentucky shore to the island.

THE PRIMARY.

The struggle for the Democratic nominations for county officers came to a close last Saturday afternoon and we take pleasure in placing the ticket at the head of our editorial columns, as it will appear on the ballots in November. A light vote was polled in several of the precincts, but the entire vote was large, being more than 65 per cent. of the Democratic strength. It was a good humored canvass between the contestants—many Democrats couldn't decide between those who sought the nominations. The ticket is a strong one and had the defeated candidates been selected it would have been strong. There was no way to prevent our party from securing one of the best sets of Democrats to make the fight in November that has ever been placed in the field, for strong men opposed each other for the honor. Throughout the canvass brotherly love prevailed, so far as we were able to know, and since the ticket has been made all Democrats will join in and do all they can for its election in November. Let us all do our part and our ticket will win beyond a doubt.

According to an agreement said to have been made between the President, Collector Sapp and certain leaders Mr. Sapp is to retain the office of Collector, but must resign as chairman of the Republican Committee and sever his connection with local police in the city of Louisville.

It seems that the Sampson and Schley controversy will never down, and until Schley has been properly credited with the great victory at Santiago it should not be hushed. Put the boquet where it rightfully belongs; give credit to whom credit is due, and then, and not till then, will the great bulk of Americans acquiesce.

It is said that J. Pierpont Morgan has sent a telegram to the Executive Board of the Amalgamated Association refusing to recede from his position as outlined in the recent New York conference, and that the labor leaders will not accept the terms of peace offered, but will make preparation to continue the strike with renewed force.

Census statistics for Kentucky show the total population of the Commonwealth to be 2,147,174 of which 1,090,227 are males and 1,056,947 are females. The foreign born population is 50,249 and the total white population is 1,862,309. The colored population is 284,865, of which 284,706 are negroes, seventy-seven Chinese and 102 Indians.

John E. Byers, of Todd county, Commonwealth's Attorney of the Seventh Circuit Court district, and Walter Forgy, also of Todd county, are candidates for the judgeship made vacant by the death of Judge Goodnight. The name of Mr. Byers has been presented as a compromise between Samuel R. Crawford and W. P. Sandigge, who have been considered the leading candidates.

We tender our thanks to Hon. C. C. McChord, Chairman of Railroad Commission, for their report of 1900. It is a neat book of more than 300 pages and contains much valuable information. It shows that our Commissioners are doing a good work. Mr. McChord is doing a work that will redound to his good in the future for devotion to duty is admired by all.

Predictions do not always prove true, but here is what Senator Blackburn says of the political situation in this State. "The political situation in Kentucky could not be brighter for the Democrats. We will carry the State by least thirty thousand and have a majority in the Legislature of at least twenty-five." The Senator may have stuck his meg a little too high, but the majorities will be sufficient.

We have been noticing favorable mention of Miss Mildred Puryear, daughter of Hon. R. E. Puryear, of Campbellsville, who is a candidate for Enrolling Clerk of the Senate. She is a young lady well-suited for the position, and her captivating manners will certainly make her formidable in the race. Besides the influence of her father, who is in the Senate, a number of other prominent Senators have expressed a preference for her. The Democrats of Adair county would be exceedingly glad if she should win in this contest.

Benevolent associations seem to be a little on the decline in the Philippines, for in several communities where civil government had been instituted the troubles have been so great as to place said communities under Martial Law. It will be a long time, if it should ever come, till the United States can withdraw her army from the land of Aguinaldo. The Republican party may cry peace, but there is no peace. It may point out the beauties of forcing those people to swallow American rule, but the only face will continue to bob up. It was a bad deal to levy a war that has cost so many precious lives and drawn so heavily upon our treasury. It will take time, and long time, to adjust the differences between the conqueror and the conquered. It will recede on the party who has been a party to the deal.

## A CARD.

To the Dem. Voters of Adair county: About the first of July at the solicitation of my friends I concluded to enter the race for the Democratic nomination for County Attorney. After becoming a candidate I found that my opponent had already a very strong organization behind him and had secured the pledges of a great many Democrats to support him before they knew that I was a candidate. Yet, I was still encouraged with promises of support and believed I could win. I made an honorable fight for the nomination; made no charges against my opponent and only sought the nomination upon my own merits. The verdict of the primary was decisive and Mr. Garnett is the nominee of the party for County Attorney. To him I promise my earnest and active support to secure his election in November. To my friends who stood so loyally to me and voted for me, I extend my earnest and sincere thanks.

GORDON MONTGOMERY.

August 6th, 1901.

The President is actually disgusted with the Republican fight in this State over the Collectorship. Sapp and anti-Sapp delegates have been bothering him for several months and it is highly probable that he will take the Sapp out of the trouble. Sapp methods in politics are so rotten and repulsive to good honest Republicans, in the city, that they will not bow the knee to the boss, hence a Democratic victory is inevitable.

According to the July report of State Commissioner of Agriculture Hall, the crops in Kentucky have been seriously affected by the drought. Corn and tobacco have suffered severely, while the potato crop in many sections of the State has been ruined. Since July 1 corn has fallen off 30 points in condition, tobacco 25 points and hemp 25 points, while only 70 per cent of an average wheat crop was harvested.

Editor Knott, of the Louisville Post, has found "all is not gold that glitters." His alliance with the "Civil Liberty" crowd, his denunciations of Democratic frauds—"Gobeliem," and his incessant appeals for Democrats to join the purifying party, were badly wrecked by the most flagrant and outrageous frauds ever perpetrated and it was purely Republican.

Mr. Knott should cover his commitments against Democratic frauds, for he has been crying against a mole-hill while he dwells in the rugged cliffs of a mountain.

Mr. John Eubank was nominated by the Democrats Saturday for Magistrate in the two Columbia districts and Mr. A. B. Cox for Constable. They are both good men and will receive the full vote of the party.

Tillman says that McLaurin did it himself, and has no one else to blame. Georgia can look over the line and watch the proceedings.

The Tennessee Republicans are bidding in the Prohibition vote of that State, and if they secure it they will get on a big drunk over this victory. Watch and see if it is correct.

The Republicans of this county will now devise ways and means to ward off the troubles that a strong and aggressive Democratic ticket will give them, but it is a fight against hope.

The Republican party, in Louisville, is a Sappy combine, but it seems to be doing a good work.

Cuba is getting ahead of some of the States on the educational qualification.

The colored teachers' Institute was held last week, all the teachers of the county being present.

Dr. J. H. Grady sold a fine bay mare, three years old last Thursday, to Mr. A. R. Humble for \$150.

Rev. J. L. Atkins will preach at the Baptist church, in this city, this (Tuesday) night. Every body invited.

The Democratic primary is over. Let every Democrat get down to business and elect the nominees.

Mr. W. C. Grider has been appointed post-master at Esto, Russell county, Mr. F. M. McElroy having resigned.

Mr. Henry Piles has removed from the Baptist parsonage to the residence formerly occupied by Mr. Frank Sinclair.

Monday night of last week lightning killed a horse and mule for Mr. James Suddarth, who lives a few miles out of town.

Mr. Mark Wilson and wife are now house-keeping, occupying the residence on Water street vacated by Mr. Jas. Morrison.

Mr. T. L. Smith purchased the re-freshment stand previously for the Fair last Saturday. Fred Robertson has the stand.

Remember that Rev. Atkins will preach at the Baptist church this (Tuesday) night. A large congregation should hear him.

The corn crop in Adair county will not be up to the average, but there will be plenty raised for home consumption.

Master Mont Fesse killed yesterday morning an uncommon water fowl for the first time. It was perfectly white, with long neck and its wings measured three feet from tip to tip.

Mr. L. V. Hall, of this place, has completed the tin-roofing of Mr. Reuben Dunbar's store, located south of Greensburg, Russell county.

A great many attended Mr. N. B. Miller's sale last Friday afternoon, and quite a number of valuable household articles were sold very cheap.

There will be an all day singing at Republican church next Sunday, the 11th, conducted by J. V. Dudley and others. Dinner on the ground.

The Annual Fair at London, Ky., will be held on the 12, 13 and 14th of September. We acknowledge the reception of a complimentary ticket.

It is reported from Lexington that Capt. J. A. Geary has sold his interest in the Sunny Brook well, Wayne county, to the Standard Oil Company for \$157,000.

Since the primary not a complaint has come from any defeated candidate. Those who lost cheerfully submitted and will work and vote for the ticket.

Rev. J. H. Burnett, President of Liberty College, Glasgow, will preach at 6 o'clock next Sunday. A protracted meeting will follow Mr. Burnett's sermon conducted by Rev. Rife, of Missouri.

Albert Johnson is the Democratic nominee for Constable in the Glensford district and W. C. Loy for Magistrate. In the Polity district Mr. W. H. Lemmon was nominated for Magistrate.

Iron, Girard & Co. watch-makers, James T. Hamilton, has a change in their "ad" this week. If your watch is out of repair send it to them. They are first-class workmen, and charge very reasonable.

It is estimated that the peach crop throughout the country will exceed 75,000 bushels the largest crop in the history of the country. Fruit raisers say the peaches are the best for several years.

We have received a complimentary ticket to the Liberty Fair and will begin next Tuesday and continue three days. We appreciate this courtesy and will do our best to be present when the gate opens.

William Dehart was killed in Russell county last Saturday night. It is said that Dehart and his brother started to pass through the farm and were killed by a train. A dispute arose resulting as above stated.

## DEATH.

The sympathy of this community is extended to Mr. C. T. Triplett and his wife who were bereft of their oldest single daughter—Miss Myrtle—last Friday afternoon a few minutes before 12 o'clock. The deceased was only eighteen years old and was a very estimable young lady, and the intelligence of her death will be received with sadness by those with whom she was acquainted, living out of town. She had qualified herself to teach and had the promise of a school, when she became afflicted with that fatal disease, typhoid fever, and the end came at the hour above mentioned. The week before she was taken ill she attended the institute, happy in anticipations of her future work. She was a very dutiful young lady and had been a devoted member of the Methodist Church for several years. She was a regular attendant at church and Sunday-school, never missing an opportunity to be present when the word of God was to be spoken and taught.

The funeral services were held Saturday afternoon, conducted by Rev. F. Walton, and Rev. W. P. Gordon, after which the remains were borne to the city cemetery, followed by many relatives and friends, whose hearts were saddened by the death of this beloved follower of the meek and lowly Jesus. It is believed that God does all things for the best, but at times it is hard to become reconciled to His Divine will yet.

"Blessed be all life's lessons have been taught."

And now we leave her to her rest. And now we leave her to her rest. And now we leave her to her rest.

**Could Not Get License.**

Monday afternoon a man named Crenshaw Thomas, accompanied by a woman named McDuffy, appeared at the County Clerk's office to get a license to marry, but early this morning the mother of Thomas was the one asked Deputy Hines not to issue the license, saying that the woman whom her son wanted to marry was of evil reputation and he was being inveigled into it. Deputy Hines told her that if her son was 21 years of age and could give the required bond he could not refuse to issue the license, but she claimed that the woman was already married and had a husband in the penitentiary. She finally left saying that if her son married the woman she would have her prosecuted for bigamy.

In the afternoon the wedding party arrived at the office and had a preacher there to marry them. Deputy Hines required a bond and Thomas failed to give it, and of course the license could not be issued. When he found out that he could not get the license he took his intended and left, saying that he would take the first train to Gallatin and get married there—Bowing Green County.

Crenshaw Thomas is a son of Dock and Nancy Thomas, who removed from Adair county.

Rider Tobias Huffaker—I hereby accept your challenge published in the last issue of The Adair County News. We can make the proper arrangements and we will fix the time and place.

Respt., L. C. GABRIEL.

**Russell Springs Hotel.**

This splendid house of entertainment is now open for health seekers. The spring at this well-known watering place is popular throughout the State for its curative powers, and the location is the healthiest in all the country. It is high and dry—a fine breeze all the time. The table is supplied with the very best, and charges quite reasonable. Write to the undersigned.

W. M. VAUGHAN.

Now is the time to place all orders for monuments and tombstones wanted between now and Christmas. Farm money, but call on us at our shop, or write us a card and we will call on you. If you want your order at once, let us have your order at once, so we can get it by the time you want it. Oakley & Sons, Inc., Marble Works, Campbellsville, Ky.

Dr. Jackson will be at the Russell Springs Hotel, Russell Springs, Ky., during the Summer season—July and August. Persons desiring to try the new method of healing should avail themselves of this opportunity while in their summer vacation. Good hotel accommodations can be obtained at reasonable rates.

CHAMBERLAIN & JACKSON, OBERGATE PHYSICIANS, SOMERSET, KY. Call or write for further information.

FOR SALE—I have a farm for sale 1 mile from store and post office, 1 mile from school house, 1 mile from the two good dwellings, houses and two barns, all in good condition, 40 acres cleared and 60 acres in woods. I also have another tract of 120 acres about one mile from post office and store, almost all in woods. This farm is well timbered. I will sell one or both of the above farms. If interested address me at Felix, Ky.

I. A. WILSON.

It rained almost constantly last Monday, doing much good to the growing crops. It was County Court day and a great many farmers were in town, and so well pleased with the way they had a steady but gentle down pour that they did not hunt shelter—moved about the square, looking, joked and transacted their business as usual. They would have it been a sunny day.

Mr. A. D. Patterson of this place, who was a Republican candidate for Sheriff, subject to the action of his party, withdrew from the contest last Friday. He is a popular gentleman and would have had a strong following. He gives as his reason for the action that the Democrats nominated his brother-in-law, Dr. S. P. Miller, for the position, and that he did not care to make the fight against him.

Everything is in readiness at the Fair grounds, Mr. Hudson having completed the work last week. The recent rains have revived the spirits of every body, and the largest crowd that ever attended an exhibition at Columbia will be here August 23—24 days.

All persons owing me taxes for the years 1898, 1899 and 1900 must call and pay on or before this date to save cost. I must collect these back taxes. The taxes for 1901 are now due. Call upon me or my deputies and make payment.

J. W. HUNT, SHERIFF.

The Liberty Fair will come of next week and if you want to be with good people, have a nice time, and see some excellent stock, then go to this fair. "All work and no play makes Jack a dull boy." So go to Liberty and take in the fair.

Parties in Columbia or vicinity desiring their names and organs turned will please leave word with Mrs. Rollin Hart, who will have me notified, and the work will be done at once.

FANNIE M. SCHUMAKER.

Judge Jones will probably wind up the business of the Liberty County Court Saturday. His next court will be held at Columbia beginning the third Monday in September.

In the County Court there were two bastardy cases on docket for last Monday. One against a man named Burton, the other against one of the Woodens.

Lost, between Jamestown and Columbia, a gold medal, awarded to Lula White by M. & F. High School. The finder return to this office or J. C. Strange and receive a liberal reward.

People over 70 years old who desire to attend the Columbia Fair should call on or write C. S. Harris, who is ready to issue passes.

We expect the finest stock and hot-test contests ever witnessed at our Fair. They are coming and don't you forget.

There's a powerful rubbing going on now in this country. The little coils are being ground for the Fair.

## ON MONDAY THERE CAME GENTLE SHOWERS OF RAIN.

Wake up and fix your stock for the Columbia Fair.

The tobacco crop of this county is looking well and a large acreage is out.

Corn on Green river is looking, and a large crop will be raised.

Why is it that some of our road overseers do not work the roads is a mystery.

Men who have been running their threshers report a light crop of wheat, but the grain extra good.

The farmers who were in town Monday were under smiles for the rain was making them happy.

The Mr. Vernon Hand will make the music for the Columbia Fair. It is a good band, comprising twelve men.

Mr. Welby Ellis and Miss Annie Kelley, who live in the Polity district, are very low with typhoid fever.

FOR SALE—Two mare nubs 6 and 8 years old. In good shape.

W. L. WALKER.

If you want to invest some money in the Columbia Oil Co., call on or write Wm. F. Jeffries or any member of the company in this town.

Wednesday of last week John Carpenter and George Fry, of Casey county, got into a difficulty over a dog. Fry was stabbed eleven times and was seriously hurt.

Judge W. W. Jones left for Liberty County last Sunday. His wife and daughter, Miss Fannie, accompanied him, and will visit Judge Jones' mother, who resides at Middleburg.

Mr. W. H. Hudson has repaired the fences and buildings at the Fair grounds and in a few days will be in as white as snow. Everything is in, for the year and you can't afford to wait it.

In a game of ball at Mr. Green Reynolds' last Saturday, Charles Willis and Philias Dunbar collected for the State. Mark Willis was a rib broken and is in a critical condition.

Mrs. Emily Cain, mother of Mr. Silas Cain and sister of Mr. T. P. Jeffries, deceased, died at her home in Canton, Highland county, last Monday. She was 70 years old and death came as the result of old age.

Mr. S. P. White, who is employed in the News office, was in Monticello last Saturday and Sunday. He states that the people of Wayne county are interested in the fair and that a great many will attend.

Mr. X. Scott, a sterling Democrat, was nominated for Magistrate in the Gradyville and Leatherwood districts and Mr. Herschel Breeding for Constable. They will make an active canvass and will poll large votes.

Mr. John D. Sharp, who lives at Amandaville, was in this place last Monday. He stated that the corn crop on the river would be larger than usual and that all other character of vegetation was looking well.

Last Monday was County Court. A large crowd of people were in town, and everybody was in the humor, as a gentle shower fell during the day. There was but little stock on the market, and but few horses and mules changed hands.

Mr. Finis Baker, of Amandaville, was in town Saturday and showed us some valuable prizes that come from the Cumberland Fair. Mr. Baker informed us that hundreds of men were engaged in the search for pearls along the river and on many shoals thousands of muskies have been opened for the valuable stone.

Mr. Wm. Bally, who left Adair county for Oklahoma six weeks ago, has returned to his "old Kentucky home." He says there is no water in the territory fit to drink, and that nothing come under his observation that he liked better than Kentucky. He is perfectly satisfied to remain in Adair county.

Gov. Beckham has appointed Judge M. H. Rhorer, of Middleboro, a delegate to represent the State of Kentucky at the South, Carolina and West Indian Exposition which is to be held at Charleston, S. C. from December 1, to June 1, 1902. Judge Rhorer formerly lived in Columbia and his many friends here are glad that he has been honored with the appointment.

John Davidson who was tried at the last term of the Cumberland Circuit Court upon a charge of kidnapping and giving false evidence in the penitentiary, has proved to be the man who murdered Rev. W. R. Dempsey at Flippin, Monroe county. An effort is now being made to get a pardon for the five years' imprisonment in order that he may be taken to Monroe county and tried for murder.

Before patronizing a peddler or fair ask yourself the following questions: Did he peddle give anything to the school kids? Did he sit up with you when you were sick? When your house burned was his name on the list of call on or write C. S. Harris, who is ready to issue passes.

When he came to your door? Did he carry you on his back when you were out of work five years ago? If he won't respond to all of these requirements be certain to give him as much consideration as your local business men, for they help you in these particulars and many more.

## THE REPUBLICAN COMMITTEE FOR ADAIR COUNTY IS IN SESSION AT THE COURT HOUSE.

All the candidates for county offices have been invited to be present, and if the aspirants are willing the committee will likely name the ticket this (Tuesday) afternoon.

Sixty cases of typhoid fever have developed in one neighborhood in Louisville, and every case is attributed to a well in the community. It is said by scientists that typhoid fever germs are everywhere, but sections of Kentucky, and much fear is entertained. It is necessary that wells should be closely guarded, for it is through this avenue that typhoid fever travels with more rapidity than all others. The unsanitary condition of wells is due to filthy premises.

Miss Etta Bradshaw entertained at dinner last Thursday. It was a magnificent spread consisting of a substantial meal and all the delicacies of the season. It was a social meeting that put people in good humor by those present. It was given in honor of Miss Bird Kelley, of Lebanon, and Miss Lucy Terhune, of Bradfordsville. Besides the guests, the following were present: Misses Zilpah Dunbar, Lillian Holladay and Mary E. Harris; Mr. W. E. Bradshaw and wife and Mrs. Most Graven.

Last Thursday afternoon, in the Harmony Precinct, a difficulty arose up between Finis Harvey and Peter Bardin which may result fatally to the former. They were at work in a field of woodshed, and what brought about the trouble we do not know. It is said that Harvey made Bardin with an open knife. Bardin, seeing his danger, struck Harvey over the head with a club, falling him to the ground, and at this writing he is dangerously ill. Bardin surrendered and executed a bond of \$500 to Squire W. C. Loy.

The Weather Bureau's weekly report puts a miserable state of affairs for Kentucky crops. The report says that early corn is practically ruined in the western and central portion of the State, but that corn and tobacco have stood the drought better, though both crops suffered severely. The report says that pastures and gardens are burned. Potatoes are being cooked in the ground, and fruit is drying and burning on the trees. Stockwater is very scarce in many localities, and unless rains come soon the situation will become very serious.

Mr. S. C. Neat has withdrawn from the race for the Republican nomination for Assessor and has accepted a position with Rule Bros. in Louisville, Miss. We can only say that the Republican party has lost one of its strongest candidates. Adair county a good citizen and his employers will find him equal to every emergency. Scuyler Neat's happy makeup, his integrity, ability and energy make him a useful man in any locality and to know him is to become his friend. He has our good wishes for success in the struggles in the business world.

**A Poor Millionaire**

Lately strayed from London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. Then strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by T. E. Paul, drugists.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm.

## THE RUSSELL SPRINGS MEDICAL SOCIETY MET PROMPTLY LAST THURSDAY AND CONTINUED IN SESSION TWO DAYS.

There were also present each evening, and a large delegation of physicians were present, including Dr. McCormick, of the State Board of Health. A number of interesting topics were discussed, and several well written papers introduced. Physicians were there from Columbia, Jamestown, Liberty, Stanford, Somerset and other points in the State. It was the largest meeting the society has ever held, all the members being well pleased with the exercises.

In another column will be found a card from Mr. Gordon Montgomery, who was defeated for the Democratic nomination for County Attorney. Like the good Democrat that he is, he cheerfully submits to the will of the people and will do all in his power to elect Mr. Garrett who won the nomination. Mr. Montgomery is a young lawyer of ability and character, and being defeated makes him no less a party man, neither does it lessen his opinion of the gentleman who defeated him. In the Fall campaign his voice will be heard for the ticket nominated last Saturday.

Mrs. Terhune and Kelly, of Marion county, report that they spent a most delightful visit to Adair county. They were guests of Miss Zilpah Dunbar, Lillian Holladay, Minnie Kemp, Julia Smith, Mary Harris, Messrs. R. K. Young, Jo Coffey, E. T. Willis, Frank Hill, Garnett Montgomery and Oliver Dunbar.

From complaints made at this office the fish law is being violated almost daily. Seining parties, it is said, have been organized, and dynamite is freely used. In consequence of these unlawful acts thousands of fish are destroyed, and at the present rate of destruction our water courses will soon be without fish. The law fixes a fine of twenty-five dollars for seining and dynamiting, and one-half of the fines goes to the person who reports the unlawful acts. The next grand jury will be instructed to inquire diligently into this matter.

## INDIAN TERRITORY.

MOONSH, I. T. July 27, 1901.

### Editorial Note:

I have been thinking for quite a while that I should give the people of old Adair county an inkling of the most beautiful country on the face of the globe.

Moons is the first town south of Sapulpa, on the Red River division of the "Frisco" Railroad. It is located in one of the finest prairie sections of country in the Territory and overlooks a country that is as charming and beautiful as the finest dreams of the most imaginative artist. Great sweeping prairies, dotted here and there with mounds which taper and tower in such perfect proportion, would lead one to suppose that they were made to order by some one skilled in the art of designing and shaping. But they were not made by the Indians, that is certain, for they are superstitious and naturally averse to the use of all the appliances of industry.

I believe this country was at one time the sea-bed, and the mounds were made by the water. In the distance there are walls of timber and hills which extend on the west to the very horizon. There can be no more beautiful landscape picture imagined than is to be seen here.

On the 8th day of November last the writer arrived at this place. It was not large then. It consisted of a government townsite, laid off in a field of the finest corn you ever saw grow; ears as long as a Kentucky mule's ear, surrounded by a barbed wire fence. On the outside of the fence was the "Frisco" line station and section-house. That was the town at that stage of the game. At this writing it has a population of 1,000 people and is rapidly growing.

What makes the town is the rich country that surrounds it. The land is the finest in the country. It raises corn, cotton, wheat, oats, kaffir corn, potatoes—Irish and sweet, fruits and berries of all kinds.

The land is a deep black gum soil and is very quick in maturing seeds and creating good, sturdy plants, thereby making good crops.

There is no place in the country where better opportunities can be found for investments and farming than can be found in and through the country surrounding the town. True, it has been very dry for us this season, knocking the corn down to less than half a crop, but we have an inexhaustible supply of hay and there being a total failure in crops in about fifteen States in the Union, hay is bringing from \$10 to \$15 per ton, about three times as much as it was ever known to bring here, and there are being hundreds of tons shipped from this point daily to various points in the east, consequently the farmers here are not at all down headed over the drought.

We are being blessed at present with all the rain that we can make use of, but it came to late to save the corn. A total failure is unknown in the history of this part of the country. Coal of the best quality, oil, lead and other minerals are here, but as yet undeveloped. Wood in abundance, and I believe plenty of good, pure wholesome water if people would go deep enough after it.

Fruit of every kind does well; no insects nor diseases of fruit to be feared.

As an evidence of the fertility of the soil in and around Moons, the accurate idea may be formed when you consider that during the months of November, December, January, February and March 140 cars of corn were shipped from here destined to Texas points, fully two-thirds of the crop being fed to cattle here at home. The natural advantages are so many that I will not attempt to enumerate them.

The Creek Indians have formulated a treaty and it has been accepted and proclamation issued by President McKinley, ratifying said treaty. Congress passed a bill, making all Creek citizens citizens of the United States.

Towns are thriving and building. Hundreds are flocking to the Eldorado, and soon the great long looked for change will come—the Indians will be supplanted by the progressive white man.

J. A. SALMON.

Frank C. Nickell, a wealthy Rowan county man, was assassinated from ambush.

The Adjutant General of the Grand Army of the Republic reports that during the last year the death rate among its members has rapidly increased. At present it is being caused over the graves of the old soldiers at the rate of 1,000 a month. During the last two years the membership of the order has decreased by more than a third. In the department of Illinois the loss by death has been especially severe. During 1900 more than 8 per cent. of the total enrollment at the beginning of the year answered the last summons. The flag was hung at half mast more than once over every Grand Army post in the country. Inevitably the death rate of the order is rapidly increasing with the passage of each year. Twenty years hence the men who wear the bronze star and eagle will be a mere handful. The Grand Army will be practically extinct.

Chicago Tribune.

Governor McMillin has sent a special message to the Tennessee Legislature recommending, among other things, the passage of an act legalizing primary elections in that State. He gives as his reason, which is a most excellent one, that the present system of loose primaries affords great opportunities for the most flagrant corruption, and is the cause in many counties, a nomination being equivalent to an election, and frequently it is the case that most district funds are practiced without fear of molestation or punishment, causing embarrassing conditions to arise that engenders not only disregard for party lines but a disrespect for the ballot that is far reaching in effect and harmful to the best interest of the people.

—Allen County Times.

Japan has more music and the first melodies many of the race ever heard, aside from that of the birds, were hymns sung by Christian missionaries. Notwithstanding this many Japanese have of late years become expert musicians and charming vocalists.

### Again the Tariff.

There is good reason for Republicans to fear the ultimate effect of the reduction that has been made by the Wool Trust in its price for all products coming under its control. The reduction range from 10 to 25 per cent, enough to bring any competition to terms. As this is said to be the real reason of the lowered prices, the necessity of a tariff on wool becomes apparent to none but those interested in the trust.

This is an object lesson in up-to-date tariff manipulation that will not miss itself with the people. Is the woolen goods industry to be turned over entirely to the managers of one trust? Are they to stifle all competition and take all the profits that should be divided with the consumer?

It will be hard to define the exact benefit that any raiser of sheep may secure from a tariff that permits one commercial rest to raise and lower wool without any reference to the supply and demand of the market. He will be as completely at the mercy of the trust as the consumer.

The woolen industry of the United States is not on a firm foundation when such an internal warfare can be waged. The actual worth of the wool is not in the present arrangement. The exigencies of trust manipulation are the highest consideration. Protected by the tariff, there is practically no recourse for either consumer or producer. Republican managers will not fail to see the practical result of this object lesson. Tariff agitation will not down. The rates now levied are wrong both in theory and practice. Americans are not content to have prices raised and lowered by a mere commercial whim. There are laws of unrestricted commerce that must be followed. The removal of the tariff will alone facilitate that movement.—St. Louis Republic.

"I have been in the drug business for twenty years and have sold most of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Walker, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure to a pleasant form. No family should be without it. I keep it in my house at all times." For sale by M. Craven.

### White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, his cheeks and he suffered terrible pain. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach and kidney troubles. Only 50c.

J. E. Scott, of Garrard county, while digging in his garden, struck a wooden box, which being taken up contained sixteen hundred silver dollars. The box, which was made of two-inch oak plank, was badly rotted, and the money had evidently been buried many years. It was probably buried during the civil war by some soldier.

### A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. These strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by T. E. Paul, druggist.

Fearing that his body would be consumed by ghosts if it is placed in an ordinary wooden coffin, Epiphany Mitchell, an eccentric citizen of Madison county, has contracted for a huge stone coffin. It is to be cut from Rockcastle county granite, and it will weigh a ton. He also left directions with his children concerning his burial, among other things directing that the coffin be hermetically sealed. Mr. Mitchell is about seventy years old, and bids fair to live to be a hundred.

### A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible state, that they had been running off so long that it was almost bloody. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not feel relieved, but he took no more and was entirely cured. I think it the best medicine that I have ever tried." For sale by M. Craven.

William Johnson and James Scott, farmers, fought with pistols on the highway in Lewis county. Both were fatally wounded.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by M. Craven.

The wheat field of David Bell, of Jessamine county, containing about 1,000 bushels, was destroyed by fire. It caught from a passing train.

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea so common to small children. O. P. M. Holladay of Denial, Ind., who has an eleven month old child says: "Through the month of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and given four drops in a teaspoonful of water and he got better at once. For sale by M. Craven.

The city of Louisville has obtained judgment for \$25,000 against R. W. Wooley, an attorney, for taxes. He has paid none since 1875.

### It Saved His Baby.

"My baby was terribly sick with the diarrhoea, we were unable to give him with the doctor's assistance, and as a result we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. J. H. Dock, of Williams, O. "I am happy to say it gave immediate relief and a complete cure." For sale by M. Craven.

In a fight near Winchester, George Brown killed his nephew, Jim Brown, and was himself fatally wounded. Bradford Thomas, who played peacemaker, is badly injured.

### In Life Worth Living.

Sleeplessness, debility, nervousness and palpitation of the heart are not diseases; they are symptoms of eating that the various vital organs are not working in harmony. Morley's Liver and Kidney Cordial restores order and aids the body of all weak productivethat the system. It restores sound sleep, sound nerves and sound sleep. Ask your druggist.

A prehistoric city of immense proportions is said to have been unearthed on the Navajo Indian Reservation between D'Orange, Cal., and Farmington, N. M. A palace has been found containing, it is said, about 1,000 separate apartments, some of them in an excellent state of preservation. Another stone castle contained 100 separate apartments. In some of the remains inspected were found the finest of woods and other relics of a valuable character, specimens of which have been gathered and sent to the Smithsonian Institution.

### N-uragla Banished.

There is no more severe or stubborn pain than neuralgia. A remedy that will cure it will cure any pain. Dr. G. S. Silvers, Dentist, Louisville, Ky., says: "My wife suffered over two years from very severe neuralgia, which several physicians failed to relieve. I then got Morley's Wonderful Eight, which relieved her in five minutes and soon effected a permanent cure. Sold by agent in every town.

Mrs. Mollie Powell, wife of J. L. Powell, of Perryville, was horrified upon returning to the room where she had left her one-year-old baby to find a monster snake coiled up only a few feet from the child, staring it in the eyes. Her screams brought her brother, Thomas Humble, who killed the reptile.

### Ladies.

If you want a beautiful complexion a bright eye, a good appetite, an active liver, bowels regular as clock-work, and vigorous, healthy body, use Morley's Liver and Kidney Cordial, the great system renovator. It cures all diseases to which women are subject, such as weakness, debility, melancholy, nervous prostration, etc. Sold by agent in every town.

At Owensboro, Stella Riley sues Elington Riley for an absolute divorce, in which she sets out that on May 25, 1900, under the influence of the defendant she eloped with him to Tennessee, where they were married. She being but a fifteen-year-old girl and he 19 years of age. She says that soon after their return she began to realize that she was too young to assume the duties of a wife, and she appeals to the Court to release her from the bonds of matrimony and allow her to wait to become a wife until she has reached mature years.

Twenty grocers were arrested at Owensboro for violating the pure food law.

Mrs. Kate Hall and Mrs. Katherine Brooks, of Owensboro, died last week from heat prostration.

There is no great talk of a disruption of the Republican party on the tariff question, but the chances of that something will come of it. When the party managers crack the whip the anti-trust element will promptly fall in line.

The Democracy of Kentucky are coming together. The Republicans of Kentucky are becoming more divided.

At Hartford City, Ind., Mrs. Geo. Gray, a society leader, horsewhipped George Harris on one of the main streets of the city. She was with her husband at the time. Many people saw the jealous wife play the whip. The husband looked on without interfering.

The wheat crop has been more or less of a failure in Russia, Germany, England, Hungary and France.

The Hawaiian Islands are more prosperous at present than at any time in their history, and the demand for laborers is far in excess of the supply.

Alvin Gerton, aged 22 years, was drowned in Ed river, near Brazil, Ind., while bathing. He had been married only five months. His wife witnessed his death.

The drought in Kansas, Missouri, Nebraska and the Southwest has been broken by heavy rains. The rains have been general throughout the corn belt and the outlook for the crops is now considered favorable.

Rule and all other obstructions to good health are immediately removed from the Liver, Stomach and Bowels by Morley's Liver and Kidney Cordial. See bottle. Sugar-Coated. One a dose. Sold by

### HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged nerves, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

### WINE OF CARDUI

is doing this for thousands of American women to-day. It cured Mrs. Jones and that's why she writes this frank letter:

I am so glad that your Wine of Cardui has done for me what I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine of Cardui is doing me good. I am getting fatter than I ever was before, and sleep good. I am so glad that I found the Wine of Cardui. I used to have to lay down at night and cry myself to sleep. I am now doing my own work without any help. I am so glad that I found the Wine of Cardui.
